“An eco school differs from the average school in the fact that the principles of sustainability are not only present in education but in all fields of school life from the operation of the school to the catering of the children or to organising camps.”

The White Raven Hiking Group.

W DZIKA STRONĘ
eko.edu.pl

- very low level, or zero cost activity
- make a hiking every month if it possible every third week on Saturday
- make a peaceful, calm, happy togetherness with our students
- slow down
- to set an example about behaviour
- developing the students social skills
- enjoy the nature
- give a first hand outdoor experience to the students about the nature
- no tasks (only very minima or necessary)
